## General Price List

*Effective as of: June 5, 2026*

*Prices are subject to change without notice*

### Overview

The goods and services shown below are those we can provide to our customers. You may choose only those items you desire. However, any funeral arrangements you select will include a charge for our basic services, staff, and overhead. If legal or other requirements

mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any preneed agreement in the possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent.

---

Prices are subject to change without notice. Additional fees may apply for services performed outside our normal service area. All services offered within the above GPL that are in person, related to funeral services, or are memorial services where an urn is present are required to have our funeral director present for those services. They may incur additional fees for the funeral director to be present, but those will all be explained and accounted for prior to the service taking place.
